

NTSB National Transportation Safety Board

Federal Most Wanted List of Transportation Safety Improvements

“... a program to increase the public’s awareness of, and support for, action to adopt safety steps that can help prevent accidents and save lives.”

November 8, 2007

Safety Recommendations

Issued Since 1967

TOTAL = 12,745

Pipeline 1235 9.7%

Marine 2317
18.2%

Intermodal 234 1.8%

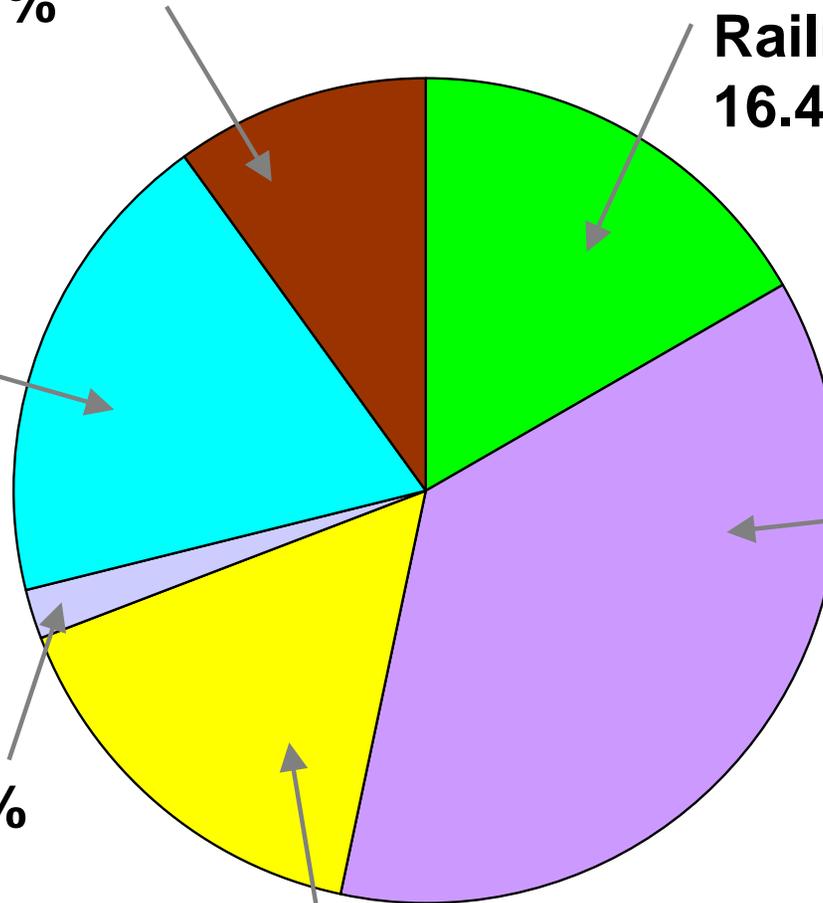

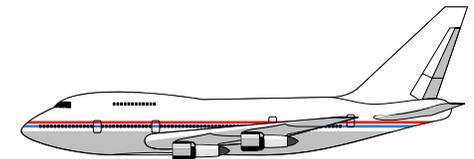

Highway 2112 16.6%

Railroad 2087
16.4%

Aviation 4760
37.2%

November 2007

949 Open Recommendations

- **Aviation: 449**
- **Highway: 274**
- **Railroad: 115**
- **Marine: 59**
- **Pipeline: 30**
- **Intermodal: 22**

Issue areas selected for intensive follow-up and heightened awareness because they:

- Will impact and enhance safety of the nation's transportation system
- Have a high level of public visibility and interest
- Will benefit from special form of encouragement
